SUMMARY

I am a hard-working and reliable worker, who is rigorous in ensuring good design is carried out and always tries to perform to the highest possible standard. I have a passion for well constructed, high performance codebases with business use cases and productivity in mind. I am a team player who can both follow and develop rapport with others, and show leadership where it is required of me. Always excited to learn new skills and to further develop myself, I always aim to rise up to and adapt to whatever situation the day may bring.

WORK EXPERIENCE

JULY - SEPTEMBER 2018 (FT)

Fluke Precision Instruments *Software Design Engineer*

During Summer 2018 I was employed in developing testing facilities to assist with a R&D project; this included developing unit tests for a remote interface and for an embedded GUI, alongside additional development of source code, administration of equipment, and collaboration with a subcontractor to more thoroughly test selected modules. I was required to learn and work with a variety of tools, including industry wide and in-house programs. I worked closely with the core development team to understand their requirements and ensure that the developed tools were as useful as possible to development

JUNE - AUGUST 2017 (PT)

Sports Direct *Casual Sales Assistant*

Work consisted primarily of cashiering and customer assistance, which included helping them with inquiries, retrieving in-store deliveries, and cross-selling related products. I was also responsible for other miscellaneous jobs such as managing inventory, maintaining product aisles, cleaning the store, and other requests from line managers.

JUNE - JULY 2015 (WORK EXPERIENCE)

Pakefield School *IT Support*

Assisted senior technicians with ticket resolution, printer maintenance, PC maintenance, and on one day supervision of a computer aided test. In addition I participated in educational activities which included modifying computer hardware and other activities related to IT support.

JULY - SEPTEMBER 2013, JULY - SEPTEMBER 2014 (FT)

Drives 4 U *Manual Labourer*

Tasks included a variety of activities to assist seniors and to perform independently like cement mixing, resin paving, tarmacking, landscaping, and other miscellaneous tasks such as interacting with clients and running errands. Work hours changed based on the current job so sometimes work extended from 6 until 8pm, with breaks.

EDUCATION

2017 - 2020 (ONGOING) **Bachelor of Science**
Computer Science
University of East Anglia

2015 - 2017 **Various A-Levels/BTECs**
2 A*, 1 B, 1 D*
Further Maths/Maths, Game Design
Lowestoft Sixth Form College

AWARDS

2017 **Bright Spark Scholarship**
University of East Anglia

TECHNICAL SKILLS

PROFICIENT Python (including psycpg2, flask, PyQt)
Java
Databases (PostgreSQL, XML/JSON)
Linux

LEARNING C
ARMv7 assembly
Rust
L^AT_EX

SIDE PROJECTS

I am currently tutoring a student in Python on a weekly basis. I am also planning on self-hosting a personal website and to work on some low-level programming projects.
